

## **WELDCRAFT® QCS™**

### **AIR AND WATER-COOLED QUICK CONNECT SYSTEM**

#### ■ Introducing seven (7) **WELDCRAFT® QCS™** kits

*that provide the welding market with a state of the art, convenient, and safe method to hook up Weldcraft style TIG torches to a welding station. All kits will work on most any TIG power supply with a large DIN panel mount receptacle or threaded stud connection.*

- Two-piece boot eases assembly, and provides complete electrical and RF insulation.
- Connects directly to most torches with Weldcraft-style connections, air-cooled or water-cooled.
- Connectors will work on any power supply with a 35MM DIN receptacle, solid or gas-thru.
- Multiple installations are quickly standardized.
- QCS™ adapters eliminate the need for special cable end fittings.
- Side hoses come with standard 5/8 – 18 right-hand threads for A/C & 5/8 – 18 left-hand threads for W/C torches.
- Quick release couplers sold separately. For side gas hose order p/n - QRG and for side water hose order p/n - QRW.

### QCS DESCRIPTIONS

**Q5**

2PC. CABLE UP TO 200A

**Q5G-150**

SOLID DIN W/GAS SIDE HOSE FOR 150A 1PC. CABLE

**Q5G-200**

SOLID DIN W/GAS SIDE HOSE FOR 200A 1PC. CABLE

**Q5GT-150**

GAS THRU DIN FOR 150A 1PC. CABLE

**Q5GT-200**

GAS THRU DIN FOR 200A 1PC. CABLE

**Q5W**

SOLID DIN W/WATER SIDE HOSE

**Q5WGT**

GAS THRU DIN FOR WATER-COOLED TORCH

**QCS-M**

ADAPTER THREADED STUD TO DIN
